Agenda Item #3—Review Draft #3 Dated January 15, 2009

The committee discussed adding some new definitions to the standard. These definitions will be readdressed at the next meeting.

In Rule 1006a.(3)(a) – the words, “and certified” were added. The committee discussed adding a subrule (3)(d) to this rule. John Hartwell and John O'Donnell will work on draft language for this.

The committee discussed Option 4 Licensing by a government entity. They came to a consensus that Option 4 should not be in the Michigan standard.
